MTO groundbreaking date is big question

The ritual of formal ground breaking at NASA's Mississippi Test Operations won't be until some time in the summer... maybe.

That's the word from MTO headquarters on a picturesque bluff above the Pearl River at Gainesville although they aren't issuing any formal releases on the postponement.

A couple of major factors are involved in fixing a firm date: finding a time acceptable to all the top brass of the state, nation and space program who want to be here, and getting work far enough along to be able to demonstrate something tangible to the several thousand spectators the occasion is expected to draw.

"Early summer" is the time now mentioned, with some emphasis on July (summer officially arrives June 21). A reminder that the state-wide Democratic primary falls on Aug. 7 was received with interest.

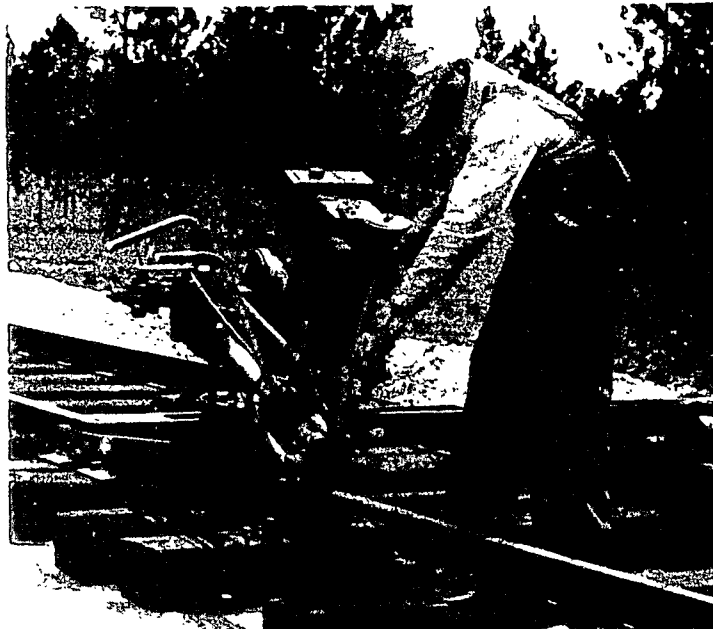

Originally it was announced that formal ceremonies marking the launching of MTO would be

last fall—November. A few weeks ago Wednesday, May 15, was fixed as the tentative date. Several days later it was moved back to "the following week, probably May 21," so various dignitaries could be here.

But formal ground-breaking or not, activity is picking up at the test site and acquisition of the buffer zone property goes along.

Most visible progress is construction on the 10-mile spur line from Nicholson to Gainesville by the New Orleans and Northeastern Division of Southern Railway. Work started, through a previously unimproved area, last month and as of Monday some 6.75 miles had been completed. The installation started at Gainesville and early this week was almost two miles beyond the fee area and with modern equipment moving at a rapid rate.

As one Southern Railway man put it when commented on the speedy progress, "If you all had our president, you'd be on the (Cont. on Page 6.)"

MTO fencing job let, call for dock bids

One contract was let and bids on another called for by the Corps of Engineers for Mississippi Test Operations this week.

A \$38,075 job to build a 16-mile five-foot barbed wire fence around the main complex west to Tanner Heavy Equipment Co. of Waynesboro. Un-gated openings will be left at all roads. Work will begin early in May and is to be finished by December. Tanner was the second low bidder on the job, the low price of \$25,000 from Kennedy Electric Co. of Prichard, Ala., showing an error in calculations. The Engineers had figured the job would run about \$49,000.

Bids have been called for May 7 at the district Engineers' office at Mobile on construction of a dock and access road for use by construction contractors at the site. The dock is to be on a harbor at the end of a channel to be dredged into the reservation East Pearl River under a contract on which bids are to be opened Tuesday. Estimated cost is \$400,000.

WINS SCHOLARSHIP

Billy Palmman, senior at Bay High, has been awarded a two-year football scholarship to Pearl River Junior College on the basis of seasonal performance and merit shown while trying out at PRC earlier this month. A 185 pound tackle, he is also a star on the Tiger track and field team and saw reserve action at center on the cage squad.

BILLY WATTS

Billy Watts one of 7 at Tulane elected to ODK

James William Watts, III, is among seven students and one alumnus elected into the Tulane University chapter of Omicron Delta Kappa, national honor leadership society.

Membership in ODK is limited to students who have attained at least junior undergraduate standing and who are selected in recognition of high character and noteworthy achievement in two or more fields.

Watts, a junior in the school of engineering, was cited for the following achievements: vice-president, American Institute of Chemical Engineers; Tau Beta Pi, national honor engineering (Cont. on Page 6.)

11,000 KO

Two follow-up oral polio vaccine stations will be open from 4 to 6 p.m. today through Sunday for those who missed the first dose last Sunday, Dr. John B. Levens, chairman of the Hancock County Medical Society's KO Polio project, announced.

It will be available at the emergency room of Hancock General Hospital and at Our Lady of Fatima Clinic at Kiln.

Nearly 11,000 county residents and some from elsewhere took advantage of the mass immunization program co-sponsored by the doctors with the American Legion and Bay St. Louis Jaycees Sunday. That amounts to just short of 80 per cent, based on the county's 1960 census population of 14,039. Exact figures were not available, Dr. Levens explained, because early in the day there was some confusion about counting the infants who went through the line in their parents' arms. That has been a problem everywhere the oral dose has been administered.

Bay St. Louis Youth Center served the largest volume with about 4,000 getting their lump of sugar there. Rough tally for the other stations was Volcano C. Jones School, 1,450; Waveland School, 1,700; Hancock North Central School, 1,600; Logtown School, 900, and Clermont-Lakeshore Youth Center, 880.

The medical chairman noted that persons under 21 who appear must have written consent of their parents unless accompanied by the mother or father.

Coast Electric gets \$923,000 growth loan

REA has approved a \$923,000 loan to Coast Electric Power Assn. of Bay St. Louis, serving Hancock, Harrison and Pearl River Counties, to permit it to construct 100 miles of new line in the area and serve 1,600 families, Congressman William Colmer notified the Echo yesterday. The loan will also cover extensive improvements.

From Washington Coast Electric Manager H. H. Shattuck reported the loan will enable the cooperative to expand its distribution facilities over the next two years in the three counties served to seek pace with the growth requirement of the area. It also allows matching funds for expansion of the headquarters building in Bay St. Louis.

Christ School festival has circus theme

A circus theme will prevail when Christ Episcopal Day School stages its annual spring festival on the school grounds from 11 to 4 p.m. Saturday, according to Mrs. Richard Hadden, general chairman.

Students will present their program to open the day's events and assorted booths carrying out the theme will go into business immediately afterwards. Po' boy sandwiches and hot dogs will be served this year, rather than a hot lunch. Admission will be 50 cents for adults and 25 cents for children.

BAY TEACHERS ELECT

Donald Caldwell was elected president of the Bay St. Louis Education Assn. at its spring banquet Monday at Aunt's. He succeeds J. D. McCullough, Jr. Julia Haddaway was chosen vice president; T. A. Tedford, Jr., secretary-treasurer; and William Sharp, Alma Parker, Robert Magee and Frank Ladner, executive councilmen.

Form county bar, to note Law day

Local attorneys have agreed to make Law Day presentations May 1 at those area schools desiring to participate in the program, according to Michael Hans, county chairman for the occasion.

This is the first endeavor of the newly organized Hancock County Bar Assn. which last week elected Joseph H. Benveniste temporary chairman and Hans temporary secretary. Final organization, including election of permanent officers and adoption of by-laws, will be May 2.

LAKESHORE LOG

BY MRS. MALCOLM GREEN

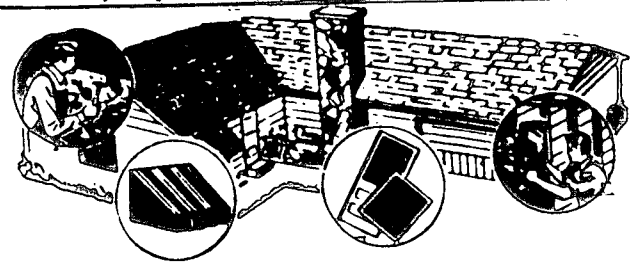

Friday Miss Gertrude Perkins took a bus load of 4-H members to Hancock North Central for the annual county 4-H talent contests. Gulfview School's presentation of Reunion in Wonderland was a first place in the miscellaneous division. Malcolm and Bully Zengarting went along to carry the scenery and props, which were designed and made by Miss Perkins with an assist from the children.

This Friday there will be a cake walk in the Gulfview School gym. Before the cake walk the 4-H club will present Reunion in Wonderland. All parents and their friends are urged to attend as this will be their only chance to see this delightful playlet.

I've been so busy this week I've met myself coming and going. David Walwright came and tiled half of the house. Lee Ferrell came for a few jobs, long neglected. I worked in the garden to try and keep ahead of the grass, two trips to the medics with Sandy, hatching of baby bantams and french ducks—grass cutting and finally the trip to the Youth Center Sunday for the oral polio vaccine.

Multi-Million-Dollar Industry

The progress being made in the advancement of the seafood industry on the Mississippi Gulf Coast should be most gratifying to all of us. Our oyster beds yielded a \$2½ million crop this season, and surveys conducted by the University of Southern Mississippi give promise that the seafood and related industries could produce here a \$60 million annual harvest.

Bill Demoran, biologist for the Mississippi Marine Commission, believes the 5,080 acres of the oyster growing area in our waters provide one of the largest oyster beds in the world. And with some attention, oysters grown in these beds reproduce themselves through perpetuity.

No one can measure the hidden wealth of the world's oceans and seas, which cover nearly three-fourths of the earth's surface. In addition to seafood, scientists tell us that there is more mineral wealth in ocean depths than in all the mines and quarries on land. The Scripps Institution of Oceanography in California assures us that there are metal rich deposits lying on the bottom of our seas, which the rivers have washed in from many lands. It is also estimated that 20 billion barrels of oil and 150 billion cubic feet of natural gas lie beneath the ocean floors and along the continental shelves that flank U.S. tidewaters. And the seas contain many chemicals which man will mine one day when he learns how to extract them profitably.

The oyster which already knows how to do this is being studied. In the process of pumping thousands of gallons of sea water through itself, the oyster extracts phosphorous, copper and other minerals and concentrates them in its body. The oyster isn't dumb — it knows how to convert grains of sand into pearls. No telling what man will extract pumping at the sea when he becomes as efficient as that little bivalve which makes a substantial contribution to our economy on the Mississippi Coast.

Congratulations to our state authorities for reviving the seafood industry, upon which we were once so dependent for our prosperity. With the initiative of our Mississippi Marine Commission and the cooperation of officials, public and private agencies, and commissions, we make industrial history on the Mississippi Coast.

TO THE QUALIFIED ELECTORS OF HANCOCK COUNTY

Please accept this as my official announcement of my Candidacy for the office of Sheriff and Tax Collector of Hancock County. I am 47 years old, married to the former Mary Helen Bourgeois of Waveland, Miss., and we have three children, namely: Mary Toni 15, Sylvan 3rd, 13 and Don 12 years old.

I am the son of Mrs. Jeanne A. Ladner and the late Sylvan J. Ladner, Sr., who served the City of Bay St. Louis for 17 years, 12 years as Secretary and 5 years as Commissioner of Public Utilities.

I was educated in the City Schools and later at St. Stanislaus College from which institution I graduated in 1934.

I was employed by the Louisville and Nashville Railroad Company from 1939 to 1948, at which time I was elected to the office of City Commissioner of Bay St. Louis and was re-elected in 1953. I served in this capacity until 1955, at which time I was elected as your Sheriff and Tax Collector. When I completed my term of office as Sheriff and Tax Collector on January 3, 1960, I was re-employed by the Louisville and Nashville Railroad Company as Clerk-Operator and I am now working in their Gulfport, Miss., ticket office.

I have always been very much interested in the welfare of our County and its citizens. I pledge that if elected Sheriff and Tax Collector of Hancock County you can rest assured that I will have the same fair and impartial law enforcement that I rendered when I served you before. The experience that I received will help make me a better and more qualified official. The people know the attitude I have taken against corrupt politics, rackets and speed traps in the past. They did not operate when I served as your Public Official, nor will they be allowed to operate if I am elected again. I will run my office without fear or favoritism, with courtesy and service to all. It is my hope and aim to help make Hancock County a safer, better and more pleasant place to live and in that way encourage more people and industries to locate in our County.

I welcome an investigation of my record as a City Commissioner and as Sheriff and Tax Collector to give the facts as to how I performed and discharged the duties of my office when I served you in the past.

I was the first Tax Collector to set up sub-stations throughout the County to sell car tags. This service saved the car owners time and expense of having to make a trip to the Courthouse to purchase their tags. I also set up tax collection facilities in the Board of Supervisors Office (with their permission) to collect taxes during the rush tax collecting time so as to relieve the crowded condition in the Tax Collector's office. This was a great help to the Public in time and service.

When I entered the campaign for Sheriff and Tax Collector in 1953 I made the following five pledges:

1. Have a night Jailor.
2. Have an ample number of Deputies.
3. Guarantee that rackets and slot games would not operate in Hancock County.
4. Guarantee speed traps would not operate in Hancock County.
5. Institute system of mailing and sending out annual tax statements to taxpayers in order to offer promptness and efficiency in the collection of taxes.

If you will check my record you will see that I kept my first four pledges, but I was unable to fulfill my fifth pledge about the tax receipts, because the Sheriff and Tax Collector's office does not receive the tax rolls until after the 20th of November or later. After you make your index, which takes another ten or fifteen days, you are way up in the month of December and you do not have time to make tax receipts and send out statements, because you have a number of tax payers coming into the office at this time wanting to pay their taxes before the first of January.

The delay in the Tax Collector receiving the tax rolls is no reflection on the efficiency of any other office. It is just because they have so many processes to go through. They have to be photostated and sent to the State Tax Commissioner's office in Jackson, Miss., and sent to the State Tax Commissioner's office in Jackson, Miss., for their approval which sometimes causes a considerable delay.

If I am elected your Sheriff and Tax Collector and the tax rolls can be received by my office by October 15, I will guarantee that tax statements can and will be made and mailed to the tax payers. I know it can be done because when I was City Commissioner I made and mailed tax statements, but to do the job you have to receive the tax rolls early enough to make the receipts out, because it is a big job and takes some night work to accomplish it.

I will do my best at all times keeping in mind that I am representing all of the people and that the office of Sheriff and Tax Collector is a trust to be conducted efficiently, impartially and honestly.

I am appealing to each and every voter of Hancock County for his and her vote and support on my past record as a Public Official. I will attempt to see each and everyone of you personally to discuss my platform, if I should fail to see you please accept this as my request for your vote and support.

The Tung Nut Festival of Hancock County will be Sunday at White Cypress Youth Center. Contestants for queen are Betty Ladner Ladette Palmer, Lynn Reynolds and Ann Dedaux. I'm sure the judges will have a difficult time coming to decision. The contest is based on personality and charm.

The Beta Club used funds to purchase pot plants to place at the entrance of the school building. The plants arrived last week and will be placed later this week.

Sunday's Sabin polio vaccine was considered to be an overwhelming success at HNC. The Beta Club members provided their services as did J. D. Penton and Homer Williams. It was said that 1,750 people went through the clinic.

While at the 4-H talent show I spotted several political figures in Hancock County, Kenneth McCarty, Clarence Ladner, Jervis Moran and many others.

A film of the Sugar Bowl game for '63 was shown in full color last week to football players and managers. Coach Ezell Lee had said earlier he hoped it could be shown to the entire school but cramped quarters made this impossible.

Report cards were given out last week. At this stage of the game one can pretty well tell which side of the fence he will fall on, (Fail or Pass).

Aloysius nips SSC in MCC track title

Missing a victory in the final event in heartbreaking fashion, the St. Stanislaus Rockchaw were nipped 80 1/2-79 1/2 by St. Aloysius of Vicksburg for the inaugural Mississippi Catholic Conference track and field championship Saturday in Hattiesburg. St. Aloysius thus completed a sweep of the newly-formed league's athletic titles with the win. Notre Dame was third with 71 1/2 points while Sacred Heart, the host school, was a distant fourth.

The two schools entered the last event, the broad jump, deadlocked 76 1/2-76 1/2. The Rocks' Mike Brady then leaped 20 ft. 2 in. to outdistance the rest of the field only to be called for delaying. Brady, one of the local's aces, still placed third but Aloysius finished second to claim the narrowest margin of victory.

Stanislaus's fleet senior, Paul Fasullo, was the individual stand-out of the meet. Fasullo darted to victory in the 100-yard dash in 10.7, finished first in the 220 in :23.9, and played a part in the winning of the 880-yard relay. The Rock thincads scored six first places while St. Aloysius managed only four, but the Vicksburg school tallied seven seconds and a host of third and fourth places.

Richard Stinson and Lucky Lozes were other individual winners for SSC. Stinson shotputting

40' 10" and Lozes pole vaulting 10'. Dale Burke, Dave Vicnair, and Charles Levings joined Fasullo to win the 880-yard relay while Levings, Burke, Paul Aucoin, and Peter Merritt claimed first place in the mile relay.

Nineteen thincads attended the affair from St. Stanislaus, according to SSC Athletic Director Brother Dacian. Next action for the Rock team will be Saturday at Biloxi in the District 8 meet. High scorers will advance to the South Mississippi Regionals in Gulfport the following weekend.

They left the city at 8:02 p.m. Saturday and made it here at 2:17 p.m. Sunday, stopping twice en route for nourishment, and two of them doubled back nine miles when one woman left her wallet at a restaurant. They are Mrs. Enola Kendall, Mrs. Marjorie Morreale, Mrs. Mamie Burros, Steve Kendall, Kenneth K. Dalt, Roy Dedeaux, Jr., Dan Joseph Morreale, Jr., and Robert Berthelot. Rock 9 drops 2

St. Stanislaus baseball players went down to two more defeats last week, losing 7-0 to Notre Dame here last Tuesday and dropping an 11-6 decision to Picasune Friday there.

Coach Buddy Pitalo's nine played on even terms with Picasune's Big Eight Conference Marmoon Tide for five innings but the host team broke a 5-5 deadlock in the sixth and used a grand-slam home run to ice the game.

Juan Dedanous stroked a double and single to pace the Stanislaus batting attack, best of the season, and Nodde Lader also contributed a two-base blow. Curtis Matherne was the losing pitcher and he needed relief from Richard Pastor.

Hitting trouble, a nemesis which has bothered Stanislaus all season, returned against Notre Dame. The Rock batsmen were able to gather only two base hits while the Rebels, always a baseball powerhouse, rallied for three-run innings in the second and seventh frames.

Ned Heath and Dusty Rhodes were the only players to hit safely for the locals, both rapping singles. Matherne went the distance on the mound in a losing cause.

Stanislaus returned to action Tuesday in Biloxi with a return engagement against Notre Dame and are slated to play Biloxi Friday and Gulfport Monday on the SSC diamond.
